# Research & ChatPDF

## Why ChatPDF?

- Free research paper chatbot
- Can ask questions with responses generated using content from the uploaded paper

## EXPLORE

**Task: Broadening Your Understanding of the Faculty of Education's Strategic Plan 2019-2024.**

1. Upload the Faculty of Education's Strategic Plan to ChatPDF.
2. Begin asking questions! Consider diverse questions ranging from simple ones to those that require thought and insight to answer.
   - Here are potential questions you could ask:
     i. What are some key initiatives outlined in the Faculty of Education's strategic plan for 2019-2024?
     ii. What is the strategy and approach to decolonizing the Faculty's activities?
     iii. What is the role of the Department of Language and Literacy Education in achieving the set-out goals?

*Tool Limitations*

- Cannot read images, graphs or charts
- Free version limits the size of documents and number of pages
- Works with PDFs and Word documents, incompatible with PowerPoints, spreadsheets

## REFLECT

- What can this tool do?
- What can't this tool do?
- Would you encourage your students to use this tool? Why or why not?

## EXTEND

- What does the future of research look like with this tool?
- If researchers develop their understanding of other papers through tools like this, does their research lose credibility?
- ChatPDF has a paid tier that does not restrict file size or pages. Knowing that students can access a tool like this, what are the equity implications?
